ACT ONE

FADE IN:

EXT. ICE CITY - ESTABLISHING SHOT

EXT. ICE HANGAR - NIGHT

Two ND ICE GUARDS stand at attention as Lady Zera's ship, *The Borealis*, LOWERS onto the pad.

MECHANICAL VOICE
(1) The Lady Zera's ship, Borealis, now arriving on platform six.

A GANGPLANK LIFTS from the pad. They wait, but the DOOR doesn't open. Worried, they RUSH up, hit the door sensor. A HATCH OPENS and they ENTER.

INT. BOREALIS

Now armed, the Guards move in carefully, suspiciously. The ship is dark, mysterious. Each step is fraught with danger.

INT. BOREALIS - THE BRIDGE

They pass innocuous BEAST DRONE CONTAINMENT UNITS stacked like harmless crates. GUARD A calls out and his voice ECHOES.

GUARD A
(2) Lady Zera? LADY ZERA?

guard A (cont'd)
(3) She's not on board. King Cryos must be notified immediately.

As they exit, the CONTAINMENT UNIT BOX LIGHTS BLINK ON.

EXT. THE ICE PALACE

Push in...

GRAVEHEART (OS)
(4) Femur, I promise you we won't forget Planet Bone in our defense plans.

INT. ICE PALACE - CONFERENCE ROOM

FEMUR is hopping around the table, complaining. GRAVEHEART, PYRUS, CRYOS and TEKLA (with VOXX hovering by her side) listen. JADE, however, is fuming, about to blow.

FEMUR
(5) Yeahyeahyeah. Save it for the bugs an' the lavaheads. Me, I need guarantees.

Cryos looks resigned. Guarantees?

FEMUR
(6) Like mebbe Bone bases on each of yer planets, y'know, to make sure ya don't double-cross me.

JADE
(7) You treacherous little reptile. I have just about had enough with you.

He leaps to the table and sticks his grinning face in Jade's.

FEMUR
(8) Awwww, Our first argument. Wanna kiss'n make up?

Jade angrily grabs for him, but Graveheart stops her.

GRAVEHEART
(9) Enough. We're on the same side, remember?

JADE
(10) Tell that to the toad.

Suddenly, ICE GUARD A enters and rushes to Cryos.

ICE GUARD A
(hesitantly)
(11) King Cryos, the Borealis has returned but...but...the Lady Zera is missing.

Horrified, Graveheart rises, ready for action.

GRAVEHEART
(12) We'll organize search parties immediately. Wherever Lady Zera is, we'll find her.

CRYOS (OS)
(13) No.

Cryos rises, looking grim, his life drawn out of him.

CRYOS (cont'd)

(14) Graveheart, this strategy session is too vital to the Alliance. Continue as planned. I will search for Zera myself.

He begins to walk off, but Graveheart stands in his way.

GRAVEHEART
(15) We're in this together, my friend. And together we'll find her. I promise you.

FEMUR (OS)
(16) Yo, tough guys.

They turn. Femur has his feet up, clipping his nails.

FEMUR (cont'd)
(17) One bratty kid gets nabbed an' suddenly we ferget that <u>all</u> our planets are cruisin' fer a Beasty-bruisin'?

Femur holds up one toe-nail clipping, studies it briefly, then tosses it aside.

FEMUR (cont'd)
(18) See why I'm lookin' fer guarantees?

Jade turns and half removes her weapon as a frightened Femur jumps to his feet, waving his hands - Surrender! White flag.

FEMUR (cont'd)
(19) Hey! That was just a rhetorical question. I'm with ya *(ulp)* a hundred percent.

EXT. PLANET ICE - VARIOUS LOCATIONS - NIGHT

MONTAGE: Various ICE WARSHIPS patrol different parts of Ice. Warriors on deck use hi-tech binoculars for searching.

EXT. ICE HANGAR - NIGHT

For a beat, the Borealis is quiet. Then, FOUR BEAST-DRONES exit the Borealis and stealthily head for the palace.

EXT./INT. ICE PALACE THRONE ROOM

Cryos paces, worried when Graveheart, Jade and Tekla (with Voxx) enter. Cryos turns to him, desperate for news, but Graveheart grimly shakes his head no. Cryos looks downcast.

INT. PALACE - CORRIDOR

One Beast Drone grimly walks down the corridor ready to blast anything in his way. An ICE GUARD steps out behind him, about to fire, but the Drone suddenly turns and fires first, barely missing the Guard.

The Ice Guard lunges for a WALL ALARM and HITS it an instant before he's shot and IMPLODES. The Drone moves on.

INT. MONITOR ROOM

The guards hear the alarm, and rush to see what's wrong.

EXT. PLANET ICE

The ships drop the beast drone containment units.

EXT./INT. ICE PALACE THRONE ROOM

An excited Pyrus rushes in, Femur bringing up the rear.

PYRUS
(20) Better break out the big guns, gang. We're picking up new concentrations of null energy all across the planet.

Suddenly, KLAXONS ring out. Jade grabs her weapon.

JADE
(21) Beast Drones.

They whirl as a null energy beam slashes past them. The four Beast Drones enter firing. Our heroes dive, returning fire. DRONE CONTAINMENT UNITS are hit and two Drones IMPLODE.

A Drone exits OS. As it does, Femur enters, fires with his shoulder gun. We HEAR the OS sound of the Drone imploding.

Cryos lunges for the final Drone.

CRYOS
(23) Where is my daughter? Tell me now!

Cryos is about to GRAB the Drone. Suddenly, Graveheart LEAPS into scene, pushing Cryos away even as Graveheart implodes the drone.

GRAVEHEART
(24) Don't. We can't touch them, remember?

CRYOS
(25) But they must know where Zera is.

GRAVEHEART
(26) Then we'll just have to find the answer another way.

A monitor screen activates. Ice Guard B appears on it.

ICE GUARD A
(27) Sire, the palace is being overrun with--

He suddenly IMPLODES. Behind him a Beast Drone aims at the camera. A beat and the monitor screen turns to static.

Graveheart, by the computer, turns to the others.

GRAVEHEART
(28) We'll have to split up to find them all.

CRYOS
(29) You go find them, my friend. I must search for my daughter.

PYRUS
(somewhat confused)
(30) But, King Cryos, this is your kingdom. Shouldn't you lead the attack?

CRYOS
(to Pyrus)
(31) Believe me, young Prince, when you are older, you will understand.

Jade steps up to Cryos, admiring his personal courage.

JADE
(32) You'll need a hand.

Cryos looks humble as he accepts. This is all getting to him and he's working to control his emotions. He and Jade leave.

Graveheart activates his comm-unit.

GRAVEHEART
(33) All units mobilize. The Beast Drones must be stopped.

Femur pulls a confused Pyrus over to Graveheart.

FEMUR
(34) Y'know, I been thinking. Ain't no way the babe an' the bug can check out <u>all</u> them null whatsis locations in time.

GRAVEHEART
(35) Then take Pyrus and help them. Tekla and I will support the Ice Guards here.

PYRUS
(36) But...Graveheart I want to stay and fight.

Femur grabs the confused Pyrus and drags him off.

FEMUR
(37) Trust me, kid. You'll thank me later.

Graveheart cocks a curious eyebrow towards the departing Femur. What's he up to now?

EXT./INT. CRYOS' BLADE WING

Cryos mans the controls, Jade, in her WEATHER SUIT, is co-pilot. The ship zooms LOW, zipping in and around ice peaks and valleys. Cryos is silent, grim as Jade watches him.

JADE
(38) Graveheart will not fail you.

CRYOS
(39) But have I failed Zera? And, worse, have I failed my people?

Suddenly, the ship's VID-SCREEN activates, BLOKK on screen. Cryos stares unemotionally, but Jade's anger is obvious.

BLOKK
(40) Ahh, King Cryos, and the rock woman.

CRYOS
(41) Blokk? Where is my daughter?

BLOKK
(42) Waiting for you to destroy her.

The screen shifts to ZERA looking INTO CAMERA. She fingers a LOCKET she wears around her neck.

CRYOS
(43) Zera?!? Are you all right?

She <u>subtly</u> holds up her hand and the locket, opening it. A HOLOGRAM of Zera, Cryos and her dead mother appear.

ZERA
(44) Father...help me...please...

The monitor once again shifts to Blokk.

CRYOS
(45) What did you mean I'll destroy her?

BLOKK
(46) She is on one of our bases. Destroy it, and you destroy the child. Of course, if you turn away, our drones will be free to destroy your planet.

Cryos stares in horror. Jade stares at him, unable to help.

BLOKK (cont'd)
(47) Which will it be, King Cryos? Your daughter or your duty? Choose wisely.

FADE OUT.

END OF ACT ONE

ACT TWO

FADE IN:

EXT. ICE PALACE - CORRIDOR

Graveheart and Tekla run as IMPLOSIONS shake the corridor.

ANGLE ON A DOOR - as BEAST DRONES rush through, firing at the two. Graveheart and Tekla fall back as they return fire.

They round a corner and pause, resting against the wall, breathing hard. Suddenly, a beast blast sizzles past.

Graveheart fires back around the corner as Tekla stands back-to-back with him firing down the other corridor. We HEAR the implosions even as we SEE Drone fire sizzle past them.

TEKLA
(48) There's too many of them.
More shooting. Then silence. A beat and he turns back to her.

GRAVEHEART
(49) Not any more.

They cautiously head back down the corridor, weapons in hand.

GRAVEHEART (cont'd)
(50) We have to protect the palace for Cryos.

TEKLA
(51) He will find her...won't he?

They reach the Monitor room and enter.

GRAVEHEART
(52) Cryos won't stop until he does.

INT. MONITOR ROOM

The room is filled with computers and monitors. Tekla inspects a computer and hits keys. On the monitors we see Drones marching through different parts of the castle.

GRAVEHEART
(53) They're everywhere.

Suddenly, the Monitor screen changes to an image of Cryos.

CRYOS (FILTERED)
(54) Graveheart, are you there?

Graveheart rushes to the screen, ecstatic

GRAVEHEART
(55) Cryos! Where are you?

INT. BLADE WING

Cryos stares at the 'radar' scan...no blips on it. Jade sits next to him. On a small Monitor screen, we see Graveheart.

CRYOS (VO)
(56) Over the first Null Energy site. It's definitely a Beast Drone camp.
(beat)
But Zera's not here.

GRAVEHEART (FILTERED)
(57) How do you know?

Cryos hits a button and we see the <u>IMAGE</u> of Zera fingering her locket appear on the monitor.

CRYOS
(58) Uploading...

The computer image PUSHES IN as the locket opens revealing the hologram of Cryos, Zera and the dead Queen. His voice TREMBLES as he mentions his dead wife.

CRYOS (cont'd)
(59) That locket is the last gift her mother, my dear wife, gave her before--

Cryos shakes off his melancholy. Jade leans in.

CRYOS (cont'd)
(60) Its hologram has a traceable signature that would alert me if Zera were close.

JADE
(61) Graveheart, any suggestions?

The computer image changes to Femur in his weather suit.

FEMUR
(62) I can think of a few things, Toots...if ya catch my drift.

EXT. SKIES OVER PLANET ICE

The two wings head off in separate directions.

INT. MONITOR ROOM

Graveheart and Tekla see Cryos's and Jade's image on one monitor and Femur's on the other.

GRAVEHEART
(63) Femur, what are you doing on this frequency?

FEMUR (FILTERED)

(64) Listenin' in. Never know when ya might hear something juicy.

EXT. FEMUR'S BLADE WING

Down angle so we can see there's nothing but ice as far as the eye can see in any direction. Clearly, Femur isn't looking for anything.

GRAVEHEART (FILTERED)
(65) Have you found anything yet?

FEMUR (FILTERED)

(66) No, but we're ...ah...lookin' real hard.

INT. MONITOR ROOM

Graveheart punches in some keys. Jade and Cryos are seen on one monitor while Femur and Pyrus are on another.

GRAVEHEART
(67) Cryos, upload Zera's hologram signature to all Alliance ships. Femur and Pyrus, check out the next Beast Drone encampment. Good luck to you all.

The Monitor images turn to static. Graveheart turns to Tekla.

GRAVEHEART
(68) We've got a palace to help save.

EXT. BEAST DRONE CAMP - NIGHT

Drones guard an ICE CAVE entrance large enough for a Blade Wing to fly through. A beat, and Cryos's wing zooms overhead.

INT. CRYOS' BLADE WING

Cryos is grim as he checks out the radar. Nothing. Then, SFX: BEEP BEEP. A signal appears on the 'radar.' Cryos is joyous.

CRYOS
(69) Thank the great glacier!

JADE
(70) Zera?

The ship's monitor creates a 3-D schematic of the planet with a signal flashing deep in its center.

CRYOS
(71) She's underground. We're going in.

INT. UNDERGROUND ICE CAVES - ZERA'S PRISON CELL

Her locket suddenly BEEPS. She grins; her father is coming.

CUT TO:

EXT./INT. FEMUR'S BLADE WING - NIGHT

Pyrus pilots as he checks out the computer mapping system.

FEMUR
(72) ...so's me an' Tibia blew up the bar then skedaddled back t' her place.
(dirty laugh)
Then there was Scapula. Her an' me...

PYRUS
(73) Femur, this isn't the way to the Drone base. What are we doing? We needed to turn left...

FEMUR
(74) Hey, let the <u>other</u> guy do the fightin', that's what I always say.

PYRUS
(75) But we came out here to fight...didn't we?

EXT. FEMUR'S BLADE WING

The Wing zooms off as three Beast Drone ships open fire.

INT. FEMUR'S BLADE WING

The ship ROCKS! Femur looks back in horror.

FEMUR
(76) Drones? What're they shootin' at us for?

THE SKIES OVER ICE

The Wing arcs back, firing. He swoops through the narrow space between two Drone ships to fire at a third. It implodes. The wing arcs UP as a Drone ship zooms past, firing at him.

The Wing is hit and SPIRALS out of control...

INT. FEMUR'S BLADE WING

Femur is panicking as Pyrus tries to control the comm.

FEMUR
(77) Do somethin', kid. Ya gotta save me.

INT. ICE PALACE MONITOR ROOM

GRAVEHEART AND TEKLA stare at MONITORS filled with static. Pyrus and Femur's frightened faces appear intermittently.

GRAVEHEART

(78) Pyrus. Femur. What's your status?

PYRUS (STATIC)
(79) We're going down.

Femur pushes his face to the monitor. The static is worse.

FEMUR (STATIC)
(80) Help us, Rocko. I'm too gorgeous to die.

The screen turns completely to static.

FEMUR (cont'd) (broken static)
(81) Yaaaaaaahhhhhhhh

GRAVEHEART
(82) No.

Graveheart turns away in pain as Tekla puts a comforting hand on his shoulder.

SURFACE OF ICE - NIGHT

The ship SKIMS the surface, cutting a deep GROOVE into the icy plains. It careens toward the edge of a cliff. Closer, closer, then it slows to a stop inches before the edge.

INT. FEMUR'S BLADE WING

Femur is turned butt-side up, Pyrus lies sprawled under him. Clearly, the ship isn't going anywhere.

FEMUR
(83) *unnhhhhh!* If this is what bein' dead's all about, I wanna go home.

PYRUS
(84) I think we're still alive.

EXT. FEMUR'S BLADE WING

Femur pulls himself out of the ship, landing on his butt.

FEMUR
(85) Alive is good. *ouch!* Painful, but good.

Pyrus starts to climb out and pauses as he sees something behind them.

FEMUR
(86) So where do ya think we are?

Suddenly, a squad of BEAST DRONES comes over the rise behind them. A Drone has his weapon aimed right at them.

PYRUS
(87) No place you'd want to vacation.

FADE OUT.

END ACT TWO

ACT THREE

FADE IN:

EXT. FEMUR'S BLADE WING

The BEAST DRONE moves in, firing at the Wing.

Still halfway inside the cockpit, Pyrus reaches in and activates the Blade Wing's afterburners.

PYRUS
(88) Get down!

ON THE DRONES - as they vanish in the heat of the afterburners, which then cut out permanently.

FEMUR
(89) Nice move, kid.

INT.FEMUR'S BLADE WING

Cryos's face appears on the monitor screen.

CRYOS (FILTERED)
(90) I've located Zera. Return to the Palace.

ON SCENE -Pyrus climbs out of the Blade wing and turns to a very nervous Femur.

Hiding behind the Wing, Femur and Pyrus look up as Cryos's Blade Wing sweeps overhead.

PYRUS
(91) C'mon. Let's go.

ON SCENE

Pyrus turns to a very nervous Femur.

FEMUR

(92) Ya mean we gotta walk all the way?

Pyrus takes off. Femur looks around nervously, then runs to catch up to the boy king.

INT. MONITOR ROOM

Graveheart and Tekla are hunkered behind computers, weapons aimed at the door. The moment is tense. Tekla seems concerned, but Graveheart nods assuringly. They wait, wait, then suddenly, Drones enter, firing.

GRAVEHEART
(93) You're supposed to knock first.

Graveheart and Tekla grimly return fire.

INT. BEAST DRONE CAVES

PUSH past Zera's cell to a DRONE GUARD. Then...

ZERA (OS)
(94)
(long scream)

The Drone turns, opens Zera's cell and looks around. Here. There. This corner. That corner. She's gone.

REFRAME: Zera IS pressed to the ceiling. She drops down behind the guard and RUNS, SLAMMING closed the cell door.

ZERA
(95) Chill out, Dronehead.

She runs down the corridor to escape.

ZERA (cont'd)
(96) Father...I'm coming.

INT. CRYOS' BLADEWING

With Jade at his side, Cryos is grim as he pilots the Wing. The 'radar' BEEPS, narrowing in on Zera's locket.

CRYOS
(97) Be safe, daughter. I'm coming for you.

EXT. BEAST DRONE CAMP - NIGHT

WIDEN. Cryos's Blade Wing streaks into the Drone encampment, FIRING AT DRONE GUARDS as he heads into the CAVE ENTRANCE.

INT. ICE CAVES

The caverns are filled with twisting pathways, icy pillars, ice-stalagmites and stalactites. The Wing enters and arcs around the pillars at top speed, under low ceilings, up and around the narrow corridors and obstructions.

INT. CRYOS' BLADEWING

JADE
(98) Land here. I've got an idea.

INT. ICE CAVES

The Wing lowers and the door opens. They both exit. Cryos holds up a small 'recorder' like device.

CRYOS
(99) Zera's signal. She's somewhere ahead.

JADE
(100) Find her, then meet me back here.
Cryos exits as Jade hunkers down and places a small 'bomb' on a wall. She presses a button on it and a GREEN LIGHT appears then BEEPS ominously. Jade exits.

INT. ICE CAVES - A DARK CAVERN

Zera carefully threads through the darkness, nervously listening and watching. Every step is fraught with danger. She hears ominous dripping. Then the sound of footsteps closing in. To her side is a steep INCLINE to a lower path.

Drone eyes watch her from a distance. A Beast Drone peers out of the darkness and raises his weapon.

INT. ICE PALACE - CONFERENCE ROOM

Graveheart is pressed to a wall, weapon in hand. Drones move past, not seeing him. As the last one passes, he steps out.

GRAVEHEART
(101) Looking for me?

The Drones turn, but Graveheart is already in action. He leaps, firing, imploding the Drones even before he lands. As he does, he runs off speaking into his comm.

GRAVEHEART (cont'd)
(102) Graveheart to Tekla. Conference room is clear. Moving on.

INT. LOWER PATH

Zera HEARS the gunfire and LEAPS over the side, SKIDDING down the incline, letting herself pick up speed. Beast blasts follow, but she stays ahead of them.

Zera runs along a NARROW PATH. Drone fire erupts around her, shattering the path. She runs, keeping ahead of the fire.

Drones are moving in, firing.

Suddenly, a DIFFERENT blast sizzles past her from the other direction...

The Drones' containment units are hit and they implode.

Zera turns and sees Cryos behind her. She runs to him near the mouth to a new cavern and they hug.

CRYOS
Zera!

ZERA
Father!

ZERA
(103) I was so scared.

CRYOS
(104) My beautiful snowflake, you know I would never let anyone harm you.

Cryos hands Zera a weapon.

CRYOS (cont'd)
(105) Remember how to use this?

She takes it and nods. Then Drone fire sizzles past them from both sides. They turn back-to-back as Drones pile in from both sides, firing. They return fire. Drones implode.

CRYOS (cont'd)
(106) More will come.

She tugs Cryos and they back into a cavern.

ZERA
(107) This way.

INT. PALACE - CORRIDOR

Graveheart cautiously enters. Suddenly, he whirls and fires OS. We HEAR a Drone implode OS. A momentary smile, and Graveheart moves on as he speaks into his comm.

GRAVEHEART

(108) Drone sweep continuing. All's clear.

INT. ICE CAVERN

Cryos and Zera emerge into a large cavern. They find themselves on a very narrow path that spans a huge GORGE filled with ICE SPIKES. One wrong move and they fall.

ZERA
(109) This, this sure looks like fun.

CRYOS
(110) We can do it. Move slowly.

They begin the treacherous walk across the icy span. When they're half way over, Drone fire slashes at them, chipping away at the pathway. They nearly fall several times.

Drones are moving in over the span, firing.

CRYOS (OS)(cont'd)
(111) Run!

Cryos and Zera run across the span, the path erupting around them. We pull back to see JADE, firing.

Her blast screams PAST Cryos and Zera, hitting the span behind them, destroying it. Drones FALL toward the icy spikes.

Cryos and Zera join Jade at the end of the span.

CRYOS (cont'd)
(112) Thank the Glacier you were here.

JADE
(113) We've got thirty seconds. Follow me.

INT. CAVERN WITH CRYOS'S BLADE WING

They enter, jumping into the Wing and take their seats. Zera kneels behind the seats. Jade scrambles into the wing's pilot seat and sets the controls. She presses a button and a BEEPING SIGNAL begins.

The Wing RISES, speeding off into the distance as Drones enter and fire at it.

QUICK MONTAGE SCENES

Identical versions of the circular device Jade planted earlier is seen in different locations. Clearly, she has

planted a number of them. As we CUT from one to the next, the GREEN LIGHT BEEPS, then finally turns RED. The device EXPLODES. Then, another device EXPLODES.

INT. ICE CAVERN

Beast Drones are caught in the devastating explosion.

EXT. ICE CAVES

The Blade Wing zooms free as the ice cave explodes behind it.

CLOSE ON CRYOS

He looks a his daughter, then the battle fever leaves him, and he becomes solemn.

CRYOS
(114) Thank the Glacier I've saved you, daughter...
(then he realizes:)
...But at what cost to our people?

INT. ICE PALACE - THRONE ROOM - NIGHT

Graveheart enters, looking around, he approaches Tekla at the monitors.

GRAVEHEART
(115) That was the last of them.

ZERA
(116) We've won?

Graveheart and Tekla turn. Zera, Cryos, Jade enter.

TEKLA
(117) A holding action. They'll be back.

Zera runs to Graveheart and gives him a big HUG.

ZERA
(119) Miss me, Graveheart?

Graveheart is definitely embarrassed as Zera holds on. He looks around for support but Tekla and Jade only smile.

GRAVEHEART
(120) Umm, ur...o-of course. We were <u>all</u> concerned...weren't we?

FEMUR (OS)

(121) Oh! And you complain about me, rocko?

Femur and Pyrus join the others. Pyrus is looking psyched, but Cryos is grim.

PYRUS
(122) Wait'll you hear what happened.

CRYOS
(123) Later. There is something I must do first.

They watch confused as Cryos heads for the castle as we:

EXT. ICE PALACE - DAY

Close on our crew. Cryos is looking grim as he turns from the Palace. He holds onto Zera's hand...she looks stunned.

ZERA
(124) Father, are you certain?

Femur looks horrified.

FEMUR
(125) You gotta be crazy. The Beast Drones musta done something weird to yer head.

CRYOS
(126) For honor's sake, a King, even you, must always choose duty over family.

Cryos turns to Zera and gently takes her face in his hands. He bends down and kisses her on the forehead. She looks up and lovingly holds onto him.

CRYOS (cont'd)
(127) But when faced with that choice, I knew there was nothing more important to me than my daughter. For the good of my planet, I had to abdicate the throne.

Graveheart puts a supportive hand on Cryos's shoulder.

As we PULL BACK, Femur's voice fades into the distance. We see the CROWDS in the background and on the Palace balcony we can see a NEW KING IS BEING CROWNED.

FEMUR
(128) But what about the power? The glory? I mean, ya want a pizza at three

in the mornin', nobody says boo. Ya wanna blow up an enemy, who's gonna say no? Don't have a date? Never happens when you got that crown thing going.

FADE OUT.

THE END
